Sanctuary of Endovascular Therapies

Mission The Sanctuary of Endovascular Therapies (SET) is dedicated to furthering research, supporting education and enhancing expertise in peripheral vascular and endovascular disease. SET is a non-profit medical foundation. Our population consists of physicians, hospitals, medical, pharmaceutical companies and all professionals involved in this field. Our organization creates the opportunity of quality education at an affordable cost by those in the industry. The mission of SET is to improve and increase health and safety efforts. Through your participation and attendance, we are able to strengthen the infrastructure of our specialty -- one patient at a time.

Objectives

- Discuss diagnostic and treatment for carotid artery, aortic aneurysms, thoracic artery grafts and peripheral arterial/venous diseases
- Describe the nuances of vascular anatomy as they relate to case selection
- Compare current and future medical, surgical and endovascular treatment options for infrainguinal interventions
- Review identification and management strategies for complications following endovascular revascularization
- Analyze areas in need of clinical and translational research to advance the care of complex patients with vascular disease
